At KTNV-Channel 13 Action News we are committed to making Las Vegas a better place for locals and their families. We strive to solve the everyday problems that can make life in Las Vegas frustrating.

Action News tackles problems that government and big business ignore. We ask the tough questions and hold those in authority accountable.

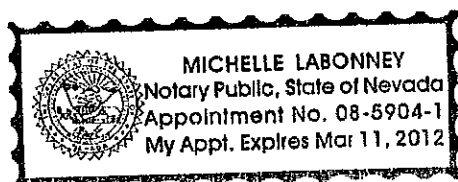

Attached are the community based stories covered by KTNV-Channel 13 for 3Q09 reflecting (5) significant issues that Southern Nevadans are affected by the most; Health and Welfare, Economic Development, Politics, Education and Public Safety.

Our community involvement extended far beyond covering these issues in our newscasts this 3Q09. Along with covering these stories that matter to the Southern Nevada community, Journal Broadcast Group's On-Air Talent and Behind-the-Scenes staff addressed our community's needs by participating in local events that were areas of concern for them.

Specific to 3Q09 was the annual MDA Telethon, in which our Anchors lent their talents to Jerry's Kids and inspired the raising of over \$900,000 in the Las Vegas Area alone. Our semi-annual Stuff The Bus event also found locals willing to answer the call and provide for local teachers/students in need. A total of 4,000 school supply items were collected and re-distributed into the Clark County School District.
